## POST GRADUATE DIPLOMA IN PLANT HEALTH MANAGEMENT\* 12 MONTHS PROGRAMME- 2014-15

Experiential learning through Agro-ecosystem Analysis  
and Ecological Engineering.  
Opportunity to Specialize in:

- Bio-security & Incursion Management
- Pesticide Management
- Plant Health Engineering
- Vertebrate & Structural Pest Management
- Biocontrol Agents Production Management

Course fee\*: Rs. 1,25,000/-  
Free lodging & boarding on  
chargeable basis

- \*1. Scholarships available
- 2. Part course fee waiver (upto 50%) in deserving cases.

### SIX MONTHS DIPLOMA IN

- Pesticide Management.
- Plant Health Management.
- Biosecurity and Incursion Management.
- Biocontrol Input Production Management.
- Vertebrate and Structural Pest Management.
- Plant Health Engineering.

### ADDITIONAL BENEFITS

- Diploma in Specialized Areas to enhance Job Opportunities
- Certificate (one or more) in the following areas depending on the specialization chosen **without additional fee**:
  - Phytosanitary Treatments (Fee for others: Rs. 35,000)
  - Urban-Integrated Pest Management (Fee for others: Rs. 25,000)
  - Production Protocol for Biocontrol Agents and Quality Analysis of Microbial Biopesticides (Fee for others: Rs. 25,000)
  - Pesticide Formulation Analysis (Fee for others: Rs.125,000)
  - Pesticide Residue Analysis (Fee for others: Rs.50,000)
  - Laboratory Management & Internal Audit (Fee for others: Rs.15,000)
  - Stored Grain Pest Management & Phytosanitary Treatments (Fee for others: Rs. 35,000)
  - Timber Pests and Phytosanitary Treatments (Fee for others: Rs.35,000)
- Campus interview for placements

Recognized by FAO as Center of  
Excellence in Plant Protection

- NIPHM is a notified institute for imparting mandatory training for:
  - Insecticide Analysts
  - Pest Control Operators
- NABL Accredited Pesticide Formulation and Residue Analytical Center.
- NIPHM is also the designated:
  - Nodal center for capacity building in Biosecurity.
  - National training center for the employees of Directorate of Plant Protection, Quarantine & Storage.

Last Date: 25-07-2014

Programme Commences in August 2014

Guest faculty include experts from USDA

Center for Biological Control

Gel Documentation

Gel Electrophoresis  
PCR

ELISA Reader

Plant Biosecurity Laboratory Facilities at NIPHM

HPLC UV-Vis

LCMSMS

HPLC PDA

Pesticide Formulation & Residue  
Analytical Center (NABL Accredited)

GCFID

\*Eligibility: B.Sc. Agriculture/ Horticulture or PG in Botany/Zoology/Chemistry/Biotechnology/Environmental Science/ Agrochemicals/ Agricultural Engineering etc.
