

# Online Training on 'Advances in Weed Management'

17<sup>th</sup> to 19<sup>th</sup> February, 2026 (3 days)  
10:00 AM to 1:00 PM

In collaboration with  
ICAR-DWR, Jabalpur

Patron

Dr. Sagar Hanuman Singh, IPoS  
Director General, NIPHM

Course Director  
Dr. OP Sharma  
Director (PHM)

Dr. J. S. Mishra  
Director  
ICAR-DWR

Course Coordinator  
NIPHM  
Dr. Sudhakar S. K  
ASO (Ento.)

Course Coordinator  
ICAR-DWR  
Dr. V.K. Choudhary,  
PS-Agronomy

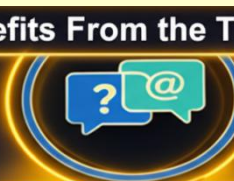

**National Institute of Plant Health Management (NIPHM)**, an Autonomous Organization under the Department of Agriculture & Farmers Welfare, Ministry of Agriculture & Farmers Welfare (Government of India), is committed to promoting sustainable agriculture across the country. In this context, capacity-building programs on Weed Management play a vital role in enhancing crop productivity and resource-use efficiency. This program aims to equip agricultural professionals and stakeholders with updated knowledge and practical skills in integrated, eco-friendly, and technology-driven weed management approaches to address emerging challenges in modern agriculture.

This online training program is being organized in collaboration with the **ICAR-Directorate of Weed Research (DWR), Jabalpur**, the premier national institute for weed science research in the country. Through this joint initiative, NIPHM aims to enhance awareness and competencies in advanced weed management strategies such as integrated weed management, biological control of weeds, precision and mechanical weed control, and eco-friendly approaches to reduce weed-related losses and promote sustainable crop production.

## Benefits From the Training

Sessions by  
NIPHM & ICAR-DWR  
Scientists & Experts

Interactive  
Discussions & QA

Networking &  
Collaborations

Flexible online access,  
attend from anywhere

Assessment &  
Feedback

E-certificate  
upon completion

## Integrating- Traditional & Modern Weed Management Strategies
