

## **Important Instructions to be adhered for full paper submission:**

- The manuscript should be divided into four sections, viz., Introduction, Materials and methods, Results and discussion and References. The title (14 pt) and all headings should be in *Cambria* font. The remaining text should also be in *Cambria* font, size 10 pt.
- Manuscripts should not exceeding 6000 words. Manuscripts should be typed in double space, on standard A-4 size paper.
- The submission file should be in Microsoft Word document file format.
- The first page of the typescript should contain a short and informative title with initial capitals for each word together with names, addresses including e-mail and affiliations of the authors. A short running title of not more than 50 characters including spaces suitable for page headings should be given if the title is longer than this.
- The paper should start with a brief and informative Abstract of not more than 300 words, containing all keywords. Keywords should be given immediately after the Abstract under a separate heading.
- The Introduction should be brief and state the subject of the experiment.
- The literature reviewed should be pertinent to the problem. Materials and methods should include the details of experimental design, treatments, replications and techniques employed. Where standard methods/ techniques are used, citation of reference is sufficient. Results and discussion should be combined and supported by Tables or Figures.
- All figures (include relevant captions) and tables (including titles, description, footnotes) enclosed/uploaded in separate sheet.
- The main body of the text should conform to the instructions given below. Abbreviations should be specified at first mention.
- **Headings:** All headings should be clearly indicated. The primary headings (e.g. Materials and methods) should be in 12 pt, whereas the secondary headings should appear in 10 pt (e.g. Greenhouse studies.) the tertiary headings in 10 pt should run on with para, full stop and two spaces after the head before starting the text (e.g. Germplasm screening. Genotypes consisting of €}).
- **References:** References must follow the Harvard system and cited in the text as Singh et al., (2002) or (Singh et al., 2002). For several publications by the same author in a year, put a, b, c, etc., after the year of publication, e.g. Singh (2002a). The references should be in chronological order in the text and alphabetical order in the reference list at the end of the paper in the following format.  
Journal articles: **Jena M, Dani R C and Rajamani S 1992.** Effectiveness of insecticides against the rice leaf folder. Indian Journal of Plant *Protection* **20**: 43- 46. (Name of the journal should be italicized and should not be abbreviated; Volume number should be in bold case).

**Copyright Notice:** Manuscript will be accepted on the understanding that their content is original and that permission has been received in writing wherever necessary to produce previously published material (including quotations, data and illustrations) and that the manuscript has not been submitted/ accepted for publication elsewhere.
